

Gallatin County Emergency Management

Preparing Our Community

If we can't **REACH** you, we can't **ALERT** you!

Your safety is our top concern. That's why we want to make sure you know about emergencies and incidents as they happen. By opting into the Gallatin Community Notification System you'll be informed before, during, and after incidents that could impact your safety.

The Gallatin Community Notification System will allow us to send you messages about situations as they happen across multiple devices, including your home phone, mobile device, email, and more.

For this system to be a success, we need your contact information so we can reach you in the event of an emergency. Don't worry, we will never sell or share your personal information with any third-party organizations.
